Objective

I am an experienced software developer seeking employment with a fast-growing startup. I bring more than 1 years experience writing JavaScript and more than 2 years experience in the technology industry. I have 2 years of experience and a deep understanding of various web technologies such as HTML, CSS, JavaScript, TypeScript, ReactJS, NodeJS, ExpressJS, MongoDB, Socket.io and MERN I am dedicated to keeping up with the latest trends and techniques in web development, and I am constantly learning and expanding my skill set. I have a keen eye for detail and strive for perfection in every project I work on. When I'm not coding, I enjoy exploring new technologies and work on side projects.
